

DE Reunion: Intellectual, Spiritual & Cultural Journey Rolled into One

ACCU welcomed the 14 DE Alumnus from Bangladesh, Indonesia, Philippines and Thailand at 1st DE Continuing Professional Development on January 24-26 in Bangkok. Through the Development Education Program, ACCU aims to develop new breed of credit union advocates who sincerely place the values, principles and philosophies at the center of their role as a credit union worker. As DE Dr. Supachai said, DE is all about ABCD (Attitude, Belief, Commitment, Doing). DE Norma Pereyras from the Philippines added E as Enthusiasm. The DEs indicated that they were energized with the 3 days introspection and constructive brainstorming of the credit union challenges and DE roles. The reunion can be described as an intellectual, spiritual and cultural journey rolled into one. Basic meditation techniques and visit to the Shrine of the Blessed Nicholas (the beatified Catholic Priest of Thailand) were among the added value.

Below is the summary of the action plan we crafted:

- Organize the DE chapter per country by May 2012. The function of the chapter will be drafted by DEs Norma Pereyras and Roberto Estoconing (Philippines)
- Organize the Chapter DE gathering preferably in conjunction with a national program or Annual General meeting of the federation in the country
- Advocate Good Governance, ACCESS, CUMI, Youth and Women Empowerment in own credit union and in own country
- Attend the Grand Reunion of Asian Credit Union Development Educators on October 18 to 19, 2012 in Bangkok, Thailand.
